INSTRUCTOR: *Detective Richard Wistocki* had been with the Naperville Police Department for 28 years. In his last 20 years as an Internet Crimes Investigator with the Naperville Police Department. He is one of the founding members and an affiliate member of the Illinois Attorney Generals High Tech Crimes Bureau (ICAC). He is also the creator of the Illinois Sexting Law and recently developed a FREE Online tool for SRO's and School Officials to use in cases of Sexting, Cyber-Bullying and the new SB100 legislation. This tool is JuvenileJusticeOnline.org and it is not a case management system but a free training site for school administrators, SRO's, Juvenile Officers, Probation and States Attorney's.

ABOUT THE COURSE: This course uses a computer lab to learn how to investigate Sexting and Cyber-Bullying cases to understand how to find out who the persons involved are. Students will learn how to investigate social media and find out who the perpetrators are in Cyber-Bullying and Sextortion cases. We will examine the five areas of where sexted images are stored and how to eradicate the images. We will then learn what the appropriate consequences should be and institute such consequences in a Restorative Justice/Diversion Program. Finally, the student will learn how to send the sexted images to NCMEC/CVIP. In this effort we will attempt to curtail the spread of the sexted images.

Upon completion of the training exercises, participants will:

- *Obtain the basic overview of various social networks and what information they possess
- *Understand the research of the Thorn Sextortion Study and how it effects our students
- *Learn the online investigative tools that are free and open source in their use

To Register: Email registration to register@mtu9.org. You may also submit through our [online registration](#) (be sure to include all pertinent information) or call 618-498-5611 to register by phone. ALL registrations must go through your Sheriff, Chief, or Training Officer.
