INSTRUCTOR:

Justin Rottmann is a 19-year veteran of the fire service and is currently a firefighter/paramedic for the Monarch Fire Protection District in Chesterfield, MO. He has also worked for the Grantfork Police Department since 2003 and has been part of the ILEAS Region 8 SRT since 2012. He currently serves as the Tactical EMS Team Leader. Justin has college degrees in Fire Science with a Master's degree in Fire Management and Homeland Security from SIU-Carbondale. Justin instructs first-responders at the Southwest Illinois College.

COURSE DESCRIPTION:

This Course will discuss and visualize the concept of Tactical Emergency Casualty Care as it applies to law enforcement tactical situations and the treatment of injured officers. Officers will learn and demonstrate specific treatments and interventions for the most commonly encountered wound patterns.

- Identify the concepts of TECC, its use in the law enforcement environment and how this concept differs from historically taught conventional First Responder medical treatment practices;
- Identify the most commonly sustained officer injuries and preventable causes of death;
- Identify the importance of mindset and maintaining situational awareness when wounded and when treating fellow officers;
- Identify signs and symptoms of airway problems & demonstrate airway interventions;
- Identify signs and symptoms of serious bleeding and demonstrate control interventions;
- Identify signs and symptoms of shock and demonstrate prevention and treatment;
- Perform a Casualty Evaluation/F.A.S.T. Rapid Trauma Assessment and tactical evacuation;
- Plan and perform a vehicle and non-vehicle officer down rescue/extraction in a high-threat environment.
